[(Antioxidants in Male Infertility : A Guide for Clinicians and Researchers)] [Edited by Sijo J. Parekattil] published on (November, 2013) Sijo J. Parekattil

This concise, truncated version of Parekattil and Agarwal's Male Infertility: Contemporary Clinical Approaches, Andrology, ART & Antioxidants is the first resource dedicated solely to antioxidants and male infertility. With select chapters that will prove invaluable to the practitioner of reproductive medicine, Antioxidants in Male Infertility addresses issues such as: - Molecular mechanisms of antioxidants in male infertility - Oxidative stress - The impact of infection, aging, obesity, and injury on male infertility - Natural and synthetic antioxidants and antioxidant therapy - Antioxidants in ICSI and IMSI Also included is a new chapter reviewing the physiological role of reactive oxygen species in sperm function. Practical for clinicians and researchers alike, Antioxidants in Male Infertility contains all of the need-to-know information about these cutting-edge topics in reproductive medicine.
